## **Spotlight on...**

In every newsletter we put the spotlight on a group that have created a site on WDCO.

For this newsletter we are going to look at **Wheelers and Wobblers Sports and Social Club**

Wheelers and Wobblers Sports and Social Club's aim is to improve the life and well being of all members, whatever the disability, through sports and social activities.

The group is made up of people with many disabilities, ranging from blind / deaf people through to a number of various physical and learning disabilities.

The club endeavours to find activities that all, or most of, our group can participate in.

Take a look at their WDCO site to find out more:

### **Help with Wakefield Distinctiveness Survey**

A survey is being undertaken to find out from local community members about the 'distinctiveness' of Wakefield so that this information can be used to support community activities in the city.

Evidence shows that a rich mixture of community activities relevant to the heritage and interests of Wakefield makes the city more attractive to visit, and importantly lifts the community spirit and success of the city generally.

Cities with good community spirits and identities are cities that are more affluent, successful, and happier places generally.

We'd like your views about Wakefield, good and bad, so that we can channel support for those needs to be satisfied!

Please help and spend a moment of your time completing the survey available [here](#).
